Turn, Turn, Turn

*To everything – turn, turn, turn –
There is a season – turn, turn, turn –
And a time to every purpose under heaven:*

*A time to be born, a time to die;
A time to plant, a time to reap;
A time to kill, a time to heal;
A time to laugh, a time to weep;*

*A time to build up, a time to break down;
A time to dance, a time to mourn;
A time to cast away stone, a time to gather
stones together;*

*A time to love, a time to hate;
A time of war, a time of peace;
And a time you may embrace, a time to
refrain from embracing;*

*A time to gain, a time to lose;
A time to sow, a time to reap;
A time to love, a time to hate;
A time for peace,
– I swear it's not too late.*

A time to kill,

A time to heal

A time to laugh, a time to weep

*A time
to
build up,*

*A time to
breakdown,*

A time to dance

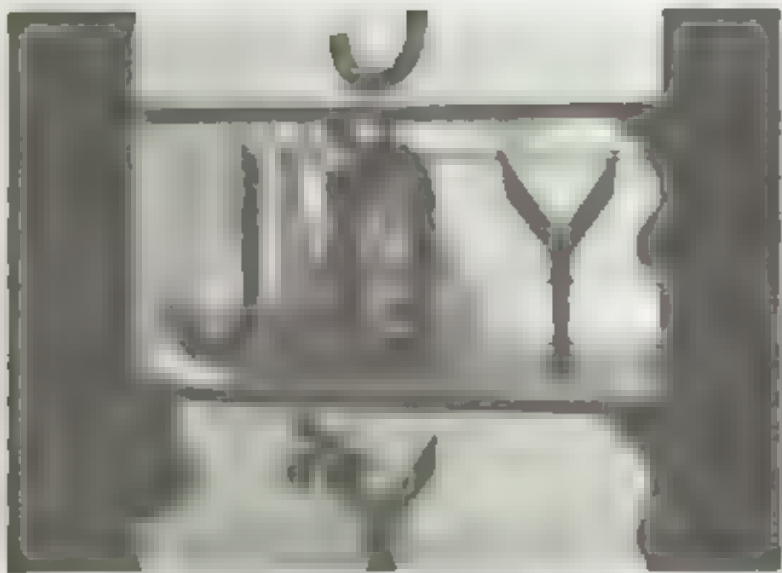

*A time to cast away stones,
A time to gather stones
together*

*A time to embrace,
A time to refrain from embracing*

A time for peace.

*I swear its
not too
late.*

A Time to Honor

"Oh, my God!" "We've got a long way to go."
"It's going to be a great year."

Very seldom is a student lucky enough to have a teacher who really knows what he's talking about, but still communicates with him. A teacher who gets so involved with teaching that you get involved, too; a teacher who treats you as an adult instead of a "kid;" a teacher who feels: "Well, I could be wrong . . ." A coach who believes in winning and makes you work until you do. A man who feels that even your smallest problems are big enough to bother with.

To John Waltman, the Senior's favorite, we dedicate the 1970 ECHO

A Time To Graduate

Class of 1970

OFFICERS

Kathy Karns, Greg Guise, Cliff Elder, Sharon Ressler

As members of the graduating class of 1970, it is impossible and rewarding to look over our years at BHS. These years are filled with accomplishments and victories which extend from the gym to the Honor Society and include every activity and class. This success was achieved by relying on ourselves, by making use of our education to meet the challenges, and by possessing a spirit to do the best job.

As we leave Bedford High School, each of us will be faced with new obstacles and challenges. It is encouraging to know that we will be able to overcome all opponents so long as we trust ourselves and maintain the "Spirit of 1970" – the spirit that has proven so successful in the past.

President – Gregory W. Guise
Vice President – J. Clifford Elder
Secretary – Kathy Karns
Treasurer – Sharon Ressler

Here we are Juniors

Surely it was only yesterday that we entered the doors of BHS for the first time as seventh graders. It hardly seems possible that we've been here for five years, but we have. In those five years we've striven towards being better people and hope we have succeeded. We've become active in sports, band, Student Council, and other activities, showing all that we can do our part and hold our own.

As Juniors we took on the responsibility of the Fudge sale and pulled it through with great success. We are now left with the great task of the Prom, but I'm sure we're capable of providing the best ever. Just as next year as Seniors we'll show that we are capable of completing a twelve year education, taking it and using it to make something of ourselves. We hope to make our parents, school, and community proud of us.

Although every year is an important step up the ladder of education, the sophomore year seems to be the biggest in many ways.

This step into our sophomore year has taken us into the different world of senior high. Now as members of this new group we are entitled to many more activities. Our education has become much more meaningful to each one of us as we begin to recognize its importance. For some of us it will be the last years of our education but for the majority it will be an important stepping stone to prepare ourselves for future education.

As this year comes to an end, we will be looking forward to next year when we can proudly call ourselves Juniors. Our privileges will be greater and it will give us a chance to prove our ability to accept and handle responsibilities. Until then we are eagerly learning and doing our best.

Class of 1973

OFFICERS

Davison, Kathy Mumma, Stephanie Arnold, Gwen Beegle

Here we are the class of 1973 completing our third and final year of junior high. It seems like only yesterday that we took that big step from grade school into high school and before we know it we will be taking an even bigger step into senior high.

By participating in the various activities provided by our school we are fast becoming fine leaders, representatives, scholars, and athletes.

As a class we have set our goals high and we will spend the next three years trying to reach and obtain these goals.

Class of 1974

OFFICERS

Scott Moxley, Janelle Koontz, Glenn Barker, Star Slick

The class of '74 is back, but has left behind the title of "The Seventh Graders."

We've had to adjust to the few changes that we've seen in our class, permanent study hall seats, and a different lunch schedule.

The class of '74 is well represented in many of our Jr. High activities including Boy Scouts, wrestling, basketball, and football.

In our next years at Bedford High we hope to become good students and some day make Bedford High proud of us.

In 1969 Neil Armstrong took the first steps on the moon. On September 8, 1969, 282 seventh graders took their big step into Bedford High.

Armstrong was worried as to what the moon would be like and we seventh graders wondered what Junior High would be like for us. But like previous classes we readily adjusted to this new environment, taking another giant step in our goal for higher education.

Everyone in the United States was proud of Neil Armstrong and we hope that someday Bedford High will be proud of us.
